Can You Spot the Windows That Are Leaking Energy?

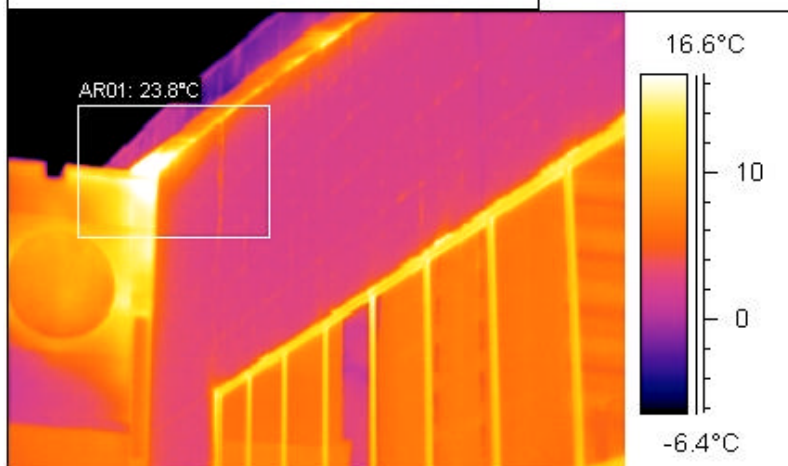

Our Inspection Services Locate the Problem Areas

### Why Every Building Needs a Boldstar Infrared Services Building Envelope Inspection

- Our inspection services are quick, non-intrusive and professional. Our experience is your advantage.
- Our accurate and detailed reports pinpoint where expensive energy is leaking from your building.
- Find missing or reduced insulation areas. Locate air leakage in the building envelope without question.
- Planning energy improvements to your building? Let us show you where to spend improvement dollars.

*Energy costs are on the rise. A Boldstar Infrared Services Inc. inspection and report clearly shows where the problem areas are at your building. Don't just throw money at the problem. Spend your energy improvement funds where they are needed the most.*
